## A GREETING FROM ANDREW D. WHITE

On the eightieth birthday anniversary of Former President Andrew D. White, November 7, 1912, the Secretary, on behalf of the class, conveyed to Dr. White the congratulations and best wishes of the members of '93. In reply to this message the Secretary received the following, which he now passes on:

"Your old friend, whose eightieth birthday has been made happy by so many kind messages that his hand fails him to indite all that he would gladly say, begs you to accept this expression of gratitude, which comes none the less from his heart, for the great kindness which Cornellians and other friends have shown him, now as ever. May Heaven bless you, with all those dear to you, and grant to each and all many happy returns of this New Year's Day."

## THE FOURTH REUNION

The twenty-year reunion of the class was held in Ithaca on Saturday, June 14, 1913. The class headquarters were at Mrs. Jeremiassen's, No. 522 Stewart Avenue. A special hatband was used, of white and old gold, the class colors, with '93 in carnelian printed thereon.

After the alumni luncheon in the new Auditorium, the class proceeded in two chartered trolley cars, accompanied by the Ithaca Band, to Percy Field, where the baseball game was in progress. After the game the picture forming the frontispiece was taken by Sheldon. The key to this follows:

From left to right, standing: Pettebone, Cushman, Jaquish, W. S. Kellogg, Brayton, Durand, Howland, Van Bergen, Coville, Clay, Northup, Miss Melotte, '92, W. C. White, Cavanaugh, Lovell, Ashby, Hyde; sitting, Miller, Jacobs, Merz, Stebbins, Olmsted, Mrs. Galbreath, Loomis, Mrs. Fox, Miss Fitzpatrick, W. H. Brown, Ladd, Federspiel.

The dinner was held in the Home Economics Building at 6:30. The following attended: Perrine, Wessling and Miss Wessling, Jaquish, Howland and Mrs. Howland, Federspiel, Miss Fitzpatrick, von Schrenk and Mrs. von Schrenk, Gilbert, Ashby and Mrs. Ashby, Mrs. Galbreath and her son Louis, Cushman and Mrs. Cushman, Merz, Cavanaugh and Mrs. Cavanaugh, Shearer, Hyde, Northup and Mrs. Northup, Ladd, Mrs. Fox, Durand, Katté, E. I. White, Stebbins, Kellogg, Clay, Metcalf, Kipp Smith, W. C. White, Lovell, Loomis, Jacobs, Brayton, and W. H. Brown, in all, forty. Dr. and Mrs. Andrew D. White came in for a few minutes, and Dr. White spoke at some length, to the delight of us all, on the prospects of republican government. Katté acted as toastmaster. Stebbins was re-elected to the Cornellian Council. It was voted to create the '93 Memorial Fund, the principal of which is to be kept intact and is to be given to the University through the Cornellian Council. Several letters of regrets were read by the Secretary.

Others who participated in the reunion were G. L. Baldwin, Olmsted, Coville, C. I. Miller, Van Cleef, Newcomb, '95, Van Bergen, Johnson, and Henderson. The reunion was thus the largest ever held by the class and was voted most successful. The Committee in charge consisted of Cushman, Katté, Ladd, Shearer, E. I. White, Young, and Northup.

## THE '93 MEMORIAL FUND

As stated above, the class has officially created the '93 Memorial Fund, the income from which is to be devoted to the support of the University, and which is to be collected and turned over to the Trustees by the Cornellian Council. According to the last report of the Council, July 1st, 1912, there were thirty-five '93 men subscribing annually \$361; this annual amount is to form the nucleus of the Fund. It is hoped that for both the glory of '93 and the benefit of Alma Mater, who needs our gifts, every member of '93 will subscribe what he or she is able to give, in order that the Fund may become creditably large.

To illustrate the need of the University, it may be said that in five years the number of students has increased from 3734 to 4803 (not counting 597 short course winter students and 1254 Summer School students), a gain of 28.3 per cent., while the Faculty has increased only from 114 professors, 67 assistant professors, and 367 lecturers, instructors, and assistants to 115 professors, 88 assistant professors, and 373 lecturers, instructors, and assistants, a gain in numbers of 5.1 per cent. The amount paid for salaries has increased only from \$627,160.84 to \$767,161.46, a gain of 22.3 per cent. The income of the University has during this period (1907-12) increased, it is true, from \$1,270,875.67 to \$2,267,534.67 (including \$478,000.11 received from New York State for the two state colleges); yet the expenses have grown so much more rapidly that on August 1, 1912, there was a deficit of \$160,358.11. The productive funds of the University have increased from \$8,550,716.84 to \$9,523,405.50, a gain of only 11.3 per cent. Unless the alumni come to the rescue, under the present policy of admitting all who qualify for entrance, the standards can hardly fail to be lowered and the quality of instruction will certainly deteriorate. The reputation of the University is at stake; and '93 must do her share in seeing to it that the Cornell diploma is never cheapened.

## THE ROSTER

In the following list the Secretary has been unable to furnish more than the names, occupations, and addresses. In the interest of economy it was thought unwise to print more at present; at the time the first letter was sent out there was very little money in the treasury. The Secretary hopes in 1918 to publish a fuller account of our activities.

The list contains in all 563 names. Of these, 37 who took a degree in 1893 belong actually or by preference to other classes.

The following 45 are known to have died: Baker, Blackmer, Brussel, D. B. Clark, H. D. Clark, Clauss, Cohen, Miss Colt, Connard, Miss Connolly, Cruickshanks, R. Dimmick, E. M. Fulton, Geer, F.W. Hall, Halsey, P. C. Harris, Hatcher, Hazard, Hernandez, Hitchcock, Jost, Katsumata, Lange, Mrs. McAllister, Merchant, H. F. Moore, Nathan, C. H. Nichols, Palmer, Park, Priest, Putnam, Ramsey, Shantz, Southworth, Springer, C. E. Strong, Thurston, Miss Todd, Toerring, W. H. Watson, Whetstone, Wilkins, Witherbee.

The following have been lost, and the Secretary will be grateful for any information as to their whereabouts: H. C. Allen, H. T. Bassett, J. V. Bohn, L. G. Browne, W. H. Colby, R. G. Collins, Jr., Miss Cooke, Countess Dumolin, E. W. Fritz, G. N. Graham, Miss Hardin, Miss Livingston, Mrs. McEldowney, McGerald, R. O. Morrison, K. Nakayama, Mrs. Rodakiewicz, L. A. Stedman, J. J. Stevens, S. B. Thompson, O. Tsuji, Miss G. Wilder, T. W. Woodbridge.

In 1889-90 there were registered 411 freshmen (including 55 registered back from other classes) and 42 entering specials. In 1891-92 there were registered 68 juniors in Law. That is, 466 students entered with '93.

In 1893 there were 312 baccalaureate and 46 advanced degrees conferred, as follows: A.B., 39; Ph.B., 26; B.L., 30; B.S., 26; B.S. in Agr., 3; B.S. in Arch., 8; C.E., 25; M.E., 93; LL.B., 62; A.M., 4; M.L., 3; M.S., 4; M.S. in Agr., 2; M.C.E., 2; M.M.E., 14; LL.M., 11; D.Sc., 2; Ph.D., 4.

All addresses unless otherwise indicated are in New York State.

In response to his two circular letters of April 5 and May 26, 1913, the Secretary received contributions from 74 members of the class (see the Financial Report) and letters or cards from 34 others. The number heard from was therefore less than one-fourth of the whole number of living members (481). For the addresses and occupations of the remainder the Secretary has relied chiefly upon Secretary Dugan's records, and desires to express his gratitude for the courtesies extended him at Mr. Dugan's office.

"I also am sorry that I could not be in Ithaca for the Reunion. I had planned to do this and up to a week before had confidently expected to be there. Matters came up, however, which made necessary my being in New York during that week, and I had to forget my own inclination. You may rest assured that I will spare no effort to attend the next one, if I am still in the land of the living. By the way, it ought to be some Reunion, since, if I remember correctly, it will be the University Semi-Centennial."

I am so sorry to miss seeing those whom I knew; sorry to miss their history up-to-date. As for me my story is soon told—told in the lives of my four daughters. . . I have been much interested during our eleven years' residence in St. Louis in the work of our College Club. It is composed of college women from all over the United States, Canada, and England, 350 strong. I had the honor of being its President last year, and have been a director for five years. Last year we spent \$1800 in sending girls to college and about the same amount this year. We do much social service in the city as well as the literary and dramatic work one always associates with college clubs. I am a trustee of our one Open Air School for Tubercular Children. We open a second one next fall. . . Thus, you see I have had no time thus far in which to loaf and invite my soul. That time will come, I have no doubt. My most cordial greetings to '93."

"Nothing would give me greater pleasure than a week on the old Campus, especially this year. I was on deck ten years ago, and if I should not be able to come, you tell the rest of the boys that I am still on the job the same as ten years ago and the *Boss* thinks more of me now than ever before. There are times when it is very nice to be the *Boss* but not always; but I have weathered all the gales so far since I started out fifteen years ago and hope to be able to make it fifteen more. I find Cornell men increasing about here and all that I know of are making good."

Three years ago, came to Vermont, and have a fine farm in the West River valley. At present, am fire warden, tree warden, leader of the Newfane Band, and teacher of music in the Leland & Grey Seminary at Townshend, in addition to my work on this farm. Am very sorry it is impossible for me to attend the reunion, but will be there in heart, and some time during the day will go up in the pines and give down the old '93 yell. . . . Wishing the fortunate ones good luck, I will send the sentiment 'Hope for the future'." Heath also sent some verses for the reunion, which added to the pleasure of the evening.

But I will inflict upon all the pressure, in sentiment, of my handclasp of heartfelt wishes for a happy present occasion and a satisfying and fruitful future. One thought I would beg to impress—while we have all grown older we have not grown old, and, please God, there are many and happy Reunions yet in store. With kindest remembrances to all."

GLENN AVERY WILCOX. Teacher of Science, Alhambra Union High School, Martinez, Cal.

"The first ten years out from college I taught as grammar school principal and spent much of my time helping my father in his business. At the outset of the second ten-year period, I changed from grade work to high school science teaching. I broke away from the old homestead, married, and started West. The first year, I taught the sciences in the Lebanon, Indiana, High School. That summer I attended the Cornell Summer School and met a few members of the class of 1893. Then followed two years as Science Instructor in the University of Arizona. After the Earthquake (everything here dates from the Earthquake) I became part of the faculty of the Alhambra Union High School at Martinez, California, where I have taught the past seven years. Two years ago I was given a Master's degree by the University of California for work done under the Department of Geology. . . We own our own home and have a daughter nearly five-years old. We enjoy the delightful California climate, where roses bloom throughout the year. . . I will consider myself with the reunion in spirit if not in person."
